

## ICAP

Beginning with the 2011-12 academic year, all high school students will be required to create and maintain an individual career and academic plan. Sanford High School will use the [collegeincolorado.org](http://collegeincolorado.org) web site to house the academic plan. The Guidance Office is busy getting the specifics of the plan put together. All students have an account created and will be entering items in their individual portfolios throughout the year.

Check back later in the year for updates on how this program is progressing.
