

Senior Seminar

All seniors are afforded the opportunity to participate in Senior Seminar.

Senior seminar is a capstone class developed to: 1) assist students in selecting post secondary options that are reflective of individual goals and interests in life; 2) securing those decisions; 3) finding funding for college; and 4) giving them an introduction and orientation to college life, expectations, policies, and procedures to ensure success at the collegiate level. The course is not required for graduation and enrollment is not mandatory.
