

Summer Programs

Each year numerous agencies invite nominations and applications for a variety of summer academic programs. Participation in these programs is crucial to students being selected as recipients of major scholarship opportunities.

Most of the applications and nominations are made in the spring of the year. Application and nomination dates will be posted as we receive them here at the school. Some of the organizations are listed below

SLV Area Health Education Center Medical Program

CSU Leads Business Leadership Program

Hoby Leadership Program

CU High School Honors Institute for Engineering and Applied Science

Student Conservation Association

Annual Frontiers of Science Institute

Colorado Rural Health Education Scholars Institute
